

Green electricity certificate

Süwag Vertrieb AG & Co. KG certifies that

Pütz GmbH + Co. Folien KG

according to the supplementary agreement to the electricity supply contract
for the delivery years 2024 and 2025
is supplied with 100 % clean green electricity.

The green electricity comes from European
renewable energy plants in accordance
with Article 19 of EU Directive 2018/2001.

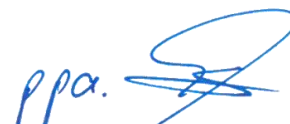

As a green electricity customer of Süwag, you relieve the environment with an average consumption
of 273 MWh per year by around 103 t of CO₂ compared to the
average electricity generation mix in Germany in 2022.

Frankfurt am Main, 20/10/2023
